INTO YOUR FUTURE

Technical Specifications

- Connectors type: Lightning, USB-A
- Charging Speed: 3A
- Data transfer speed: 480Mbps
- Length: Stretchable up to 1.8m
- Color: Black
- Material: Woven fabric
- Compatibility: Charge and sync Apple products with Lightning port
- Product weight: 43g
- Package includes: 1 x USB to Lightning extendable cable, 1 x Manual

Instructions

- Connect the Lightning connector to your smartphone/device
- For charging, please connect the USB-A connector to a wall charger, car charger, power bank, PC or laptop with USB port
- For data transfer, please connect the USB-A connector to a PC or laptop with USB port.

Disposal and recycling information

The crossed-out wheeled-bin symbol on your product, battery, literature or packaging reminds you that all electronic products and batteries must be taken to separate waste collection points at the end of their working lives; they must not be disposed of in the normal waste stream with household garbage.

It is the responsibility of the user to dispose of the equipment using a designated collection point or service for separate recycling of waste electrical and electronic equipment (WEEE) and batteries according to local laws.

Proper collection and recycling of your equipment helps ensure EEE waste is recycled in a manner that conserves valuable materials and protects human health and the environment, improper handling, accidental breakage, damage, and/or improper recycling at the end of its life may be harmful for health and environment.
